Gsus

I was sitting there for so many years

G

Darkness was far too near

Gsus G

For my sight it had gone away

Gsus

The images that I'd seen

G

They were just now memories

Gsus G

For reason said I'd never see again

Gsus

Then one day He came my way

G

He spat in my eye then washed it away

Gsus

Hallelujah..... I can now see again

Em D/F# G

For Love has laid His hand on me

Em D/F# G

And now my eyes they see

Em D/F# G

For Love has laid His hand on me

Em D/F# G

And now I have victory

Gsus

I was bleeding there for so many days

G

Shame it had become my name

Gsus G

The reproach was more than I could bear

Gsus

I had to shout that I was unclean

G

For all to hear and all to see

Gsus G

Stares and glares was all that I received

Gsus

Then one day He was passing by

G

And I touched His robe with a desperate try
Gsus
Hallelujah.... I have now been made clean

Gsus
I worshipped money and personal gain
G
'A wee little man' was my name
Gsus **G**
I was into taking money from the poor
Gsus
A man came to town and I was intrigued
G
So I climb up in a sycamore tree
Gsus **G**
Before I knew it he was knocking at my door
Gsus
When he came in my house conviction came
G
Now I'm a new man now I'm not the same
Gsus
Hallelujah.... I have now been set free
